

District Supervisors, District Administrators, Partners:

Here is your chance for you to nominate a **DISTRICT EMPLOYEE** that you feel has gone above and beyond this year. As District Employee we all have a variety of projects and activities to complete. Some employees show team work by going above and beyond their district duties to help other districts or agencies. This is an opportunity for our organization to recognize all of the hard work the employees do. ***At this time we are limiting the nominations to employees that are employed with the district such as administrative personnel, assistant administrative personnel, technicians. Currently this would not apply to BSWC members, Watershed Personnel, bird placements or NGO Placements.***

If you feel that a fellow Employee has really shined this year and went out of their way to help mentor a new administrator, plan events, help other administrator's with issues that come up or is just plain AWESOME please fill out the "***Employee of the Year***" nomination.

This is also a time that a **SUPERVISOR** can be recognized for their time and dedication to district duties. Some supervisors go above and beyond by attending meetings outside district board meetings, helping with education projects, assisting with grant writing, implementation of projects, and give other agencies support for projects other than county district projects or is just plain AWESOME. If you feel you know such a supervisor, please fill out the "***Supervisor of the Year***" nomination.

This is MACDEO's way to recognize both an Employee and Supervisor that goes above and beyond the call of duty to make Montana Conservation Districts shine. We appreciate any and all submissions.

These applications are **due by September 5th, 2018**. The ranking committee will have their recommendations back to the EO **by October 8th** and the awards will be given out at the State Convention.
