

2021 Conservation District Area Meetings

Information for Partners

Updated 9.23.2021

Area Meeting Registration:

You will need to register for the Area Meetings directly with the Area Hosts. If you have not received an invitation and registration information from them, please visit <https://macdnet.org/programsevents/area-meetings/> for further information and Area Host contact information.

Virtual Option: Areas 1,2,3,4, and 6 have chosen to hold meetings in person while Area 5 has chosen to go 100% virtual. All in-person meetings will be hybrid - which means there will be an option to attend virtually. Virtual registration is posted on the [Area Meetings Webpage](#).

Partner Reports: If you would like to give a partner report, written and/or verbal, please contact the Area Hosts if they have not already reached out to you.

Transportation: Please see the draft travel itinerary below. Currently several partner organizations are limiting their in-person attendance. If you have not reserved a place in a DNRC van as of 9/21/2021, spots may no longer be available. Please contact rebecca@macdnet.org and mary.hendrix@mt.gov if you were hoping to ride in a DNRC van.

Accommodation: You will need to book your own hotel rooms. Room blocks have been reserved - please find further information below.
