3:00 PM Adjourn – Lower Musselshell CD would like to invite you to a Tour of Toby Dahl's Property

This is a tour to highlight the benefits of mitigation practices and prescribed burning on rangeland. Toby experienced a devastating fire on his property in 2012. Since that time, he has spent several years mitigating his property, using prescribed burns to recreate natural cycles of fire in the area, and has been a leader in educating landowners in the importance and benefits of these practices.
