

Resolution 25-04

Resolution type: Policy Statement

Resolution to Encourage Non-Governmental Organizations to “Qualify” for Ag Status Taxation

Submitted by: Valley County Conservation District

Failed at Subcommittee Meeting 11/19/2025

BACKGROUND DESCRIBING ISSUE *

Certain entities are given tax exemption; they may also be given property tax exemption depending on the nature of their charitable interest. Across Montana we are seeing several entities purchase lands that mainly serve a purpose for agriculture use and use them for tax-exempt purposes. Due to their tax-exempt status this could very likely negatively affect the tax base resulting in loss of funds that organizations like Conservation Districts use to continue to function and protect soil, air, and water.

SPONSOR(S) ACTIONS TO DATE *

VCCD is not aware of any other action that has taken place

ACTUAL POLICY STATEMENT TO BE INCLUDED IN MACD POLICY BOOK IF ADOPTED *

Direct MACD to work with partners to support measures to protect the local tax base when non-profit organizations purchase property which changes the property into a tax exempt status.

HOW WILL YOUR DISTRICT CONTINUE TO SUPPORT AND BE INVOLVED WITH THIS POLICY STATEMENT/STANCE? *

VCCD will offer any support necessary to help move this policy statement into action

ARE THERE ANY EXISTING MACD POLICIES THAT THIS WOULD IMPACT OR INTERACT WITH? *

None that VCCD is aware of.

HOW WOULD THIS POLICY IMPACT MACD? *

The only impact that the VCCD board sees is an impact at the legislative level.

WOULD THIS POLICY STATEMENT IMPACT THE STATE OF MONTANA BUDGET? IF SO, HOW? *

The impact would hopefully increase tax revenues in counties that have NGOs operating under tax exempt qualification.
